SilagePro®

AN ENZYME BASED INOCULANT

- ◆ Improves fermentation of haylage, corn silage, small grain forages and high moisture corn.
- ◆ Four cascading bacteria (*Enterococcus faecium*, *Pediococcus pentosaceus*, *Pediococcus acidilactici*, and *L. Plantarum*) that supplement lactic acid bacteria.
- ◆ SilagePro® enzymes to enhance fiber digestion.
- ◆ Min Lactic Acid Bacteria (Guaranteed): 130 billion CFU/g.
- ◆ Provides in excess 130,000 CFU/g of silage.
- ◆ Available in water soluble and granular forms.
